

## MDA INNOVATION NETWORK VIRTUAL BUSINESS BREAKFAST

## Update for the MDA Innovation Business Breakfast Networks

Unfortunately, due to the Covid-19 pandemic, the MDA Business Breakfast, which had been organised for 28th May at Wrexham Glyndŵr University, can no longer go ahead and has been postponed until May 2021.

However, we are keen to maintain support for the cross-border business community and will host a 'virtual' version of the MDA Business Breakfast online.

**Tuesday 30th June 2020 at noon –  
If you would like more details and  
to get involved please click here.**

This virtual Business Breakfast will aim to follow a similar format to the existing events. We are offering up to 10 companies the opportunity of a pre-recorded two minute pitch. We are looking for pitches that contain useful information, provide positive messages of support, showcase businesses that have thrived during this crisis or examples of collaboration, shortened supply chains, etc. If you have a story or information to share please let us know ([Nicola.powell@cheshirewestandchester.gov.uk](mailto:Nicola.powell@cheshirewestandchester.gov.uk)).

Picturehouse Films are kindly sponsoring this recorded virtual event. It will be uploaded onto the new MDA website which we will be launching at the same time.

We are hopeful that the future MDA Business Breakfast 2020-21 calendar will resume again soon, once it is safe to network again, and we will keep you updated on future developments.
